

Elizabeth A. R. Long  
Licensed Psychological Associate  
Certified School Psychologist II

Cell 910 232-2743

Work Experience: **Sole Proprietor of Career, Education, Psychological Evaluations.**

1982 - Present      Developed a practice into a business utilizing five psychologists to tailor services to schools, agencies, doctors, career counselors, businesses, and private clients. Skills acquired were business management, customer relations, marketing, sales, computer knowledge, and professional psychological expertise.

8/80- 9/82      **School Psychologist-** Statesville City Schools, NC. Acquired skills in observations, interventions, counseling, evaluations, report writing, and application of recommendations. Gained diplomacy in coordinating the teacher's, parent's, and administration's perspectives to do what is best to suit the student.

1/79-12/79      **Psychiatric Assistant-** Catawba Memorial Hospital. Worked nights and weekends in the psychiatric ward with adults and teenagers. Obtained history taking skills, implemented recreational therapy, and performed routine ward chores. Attained experience with mentally ill, drug and alcohol addictions, depressed, and medications.

6/73-9/76      **Teacher for Disabled Students-** UCP, Glens Falls, NY. Implemented behavior modification, cognitive, social, emotional, developmental, and educational theories to teach trainable, and severely & profoundly disabled. Staffed, organized, & supervised summer camp for 100 disabled students. Directed a social club for retarded adults involving planning events, transportation, and adapting activities for their special needs.

Education      6/80 **Master's & 30** School Psychology - Appalachian State University

6/73 **Bachelor's** Psychology – Colby College

Since graduating and becoming licensed in 1980 I have acquired continuing education credits to maintain teacher certification and licensure in North and South Carolina.

Closing Comment: The experience, education, and energy that I have accumulated during the past 26 years provide the knowledge to approach mental health as a science, the perspective to apply the information individually, and the acumen to provide prompt professional service to help the individual attain an appropriate education.

Professional Membership: NC School Psychological Association Coastal Representative
